Preface

Part I. Theories of International Trade

Chapter 1. The Ricardian Model

1. Framework of the Ricardian Model
 2. Autarky Equilibrium
 3. Free Trade Equilibrium
 4. Absolute Advantage and Comparative Advantage
 5. Conclusion and Discussion
- Column 1.1 Ricardo and the Corn Law
- Appendix 1.1 Algebra of the Ricardian Model

Chapter 2. The Specific Factors Model

1. Framework of the Specific Factors Model
 2. Autarky Equilibrium
 3. Trade Equilibrium
 4. Conclusion and Discussion
- Column 2.1 Historical Origins of the Specific Factors Model
- Appendix 2.1 Algebra of the Specific Factors Model

Chapter 3. The Heckscher-Ohlin Model (I)

1. Framework of the Heckscher-Ohlin Model
 2. Autarky Equilibrium
 3. Free Trade Equilibrium
 4. Trade Patterns and Income Distribution
 5. Conclusion and Discussion
- Column 3.1 The Birth of the Heckscher-Ohlin Theory
- Appendix 3.1 Algebra of the Heckscher-Ohlin Model

Chapter 4. The Heckscher-Ohlin Model (II)

1. The HO Model of a Small Open Economy
 2. The HO Model of an Integrated World Economy
 3. The HO Model of a Multi-Cone World Economy
 4. Conclusion and Discussion
- Column 4.1 Paul Samuelson's Contributions to the Heckscher-Ohlin Theory
- Column 4.2 Germany's Manufacturing Exports

Chapter 5. Trade Models of Imperfect Competition

1. A Simplified Model
2. The Krugman Model

3. The Melitz Model
4. Conclusion and Discussion
- Column 5.1 Paul Krugman and the New Trade Theory

Chapter 6. Empirical Testing of Trade Theories

1. Empirical Testing of the Ricardian Model
2. Empirical Testing of the Heckscher-Ohlin Model
3. Empirical Testing of Trade Models of Imperfect Competition
4. The Gravity Model of International Trade and Its Applications
5. Conclusion and Discussion

Column 6.1 Testing of the Comparative Advantage Theory: Japan's Opening to International Trade in the 1860s

Part II. Policies of International Trade

Chapter 7. Traditional Trade Policy Instruments

1. Import Tariffs
2. Import Quotas
3. Export Subsidies
4. Conclusion and Discussion

Column 7.1 U.S. Tariffs on Steel

Column 7.2 The Multi-Fibre Arrangement

Column 7.3 Export Subsidies on Agricultural Goods

Chapter 8. New Trade Policy Instruments

1. Voluntary Export Restraints
2. Antidumping
3. Other Trade Policy Instruments
4. Conclusion and Discussion

Column 8.1 U.S.-Japan Trade Disputes in Automobiles

Column 8.2 Antidumping by the U.S. on Crawfish Imported from China

Column 8.3 Product Safety and Trade Protection

Chapter 9. Debates on Trade Policies

1. The Optimum Tariff Argument
2. The Infant Industry Argument
3. The Strategic Trade Policy Argument
4. Political Economy of Trade Policy
5. Conclusion and Discussion

Column 9.1 Battle in Seattle

Chapter 10. Global and Regional Trade Agreements

1. Global Trade Agreements
2. Regional Trade Agreements

4. Regional Free Trade and Global Free Trade

3. Conclusion and Discussion

Column 10.1 The Doha Round

Column 10.2 NAFTA

Column 10.3 The European Union

Part III. Topics Related to International Trade

Chapter 11. International Movement of Labor and Capital

1. A Simple Model of International Factor Movement

2. Relationship between International Trade and International Factor Movement

3. International Direct Investment and International Trade

4. Conclusion and Discussion

Column 11.1 International Migration

Chapter 12. International Outsourcing of Production and Services

1. A Simple Model of International Outsourcing

2. International Outsourcing and the Trend of Rising Wage Inequality

3. International Outsourcing Decisions of Firms

4. International Outsourcing of Services

5. Conclusion and Discussion

Column 12.1 Outsourcing of Services to India

Chapter 13. International Trade and the Macroeconomy

1. International Trade and Balance of Payments

2. Determinants of Trade Balance

3. Internal and External Balances of the Macroeconomy

4. Policy Responses to Trade Imbalance

5. Conclusion and Discussion

Column 13.1 External Imbalance of the Chinese Economy

Chapter 14. International Trade and Economic Development

1. Dynamic Analyses in International Trade

2. International Trade and Economic Growth

3. International Trade and Economic Development

4. Conclusion and Discussion

Column 14.1 Historical Debates on the Terms of Trade

Column 14.2 Debates on the East Asian Economic Miracles
